INDUSTRIAL/COMMERCIAL/RETAIL DEVELOPMENT

I.1

HIGHLIGHTS (THIRD QUARTER)

The North American economy remains sluggish in spite of the fact that interest rates have fallen marginally in recent months. The postal strike and steel industry strike were not conducive to sustained economic growth. However, inquiries which can presage economic activity are up 13% from the same quarter of 1980. On a year-to-date basis, inquiries for 1981 have surpassed those for the entire year of 1980.

To date, 248 firms have been placed at new addresses or have expanded within Hamilton-Wentworth including those shops which have located in Lime Ridge Mall. This activity has increased employment by 1,971 and tax revenue by over 1.26 million dollars

Inquiries are still being handled as a result of our promotion campaign and in this quarter three serious prospects from Europe made special visits to Hamilton-Wentworth to discuss the Region personally.

In addition to the Executive Summary in English and in German, a new brochure has been developed for use by the Industrial Development Section. It details the municipally owned industrial land within the Region and has been highly rated by those who work in the real estate and land development fields as well as others who are interested in establishing a business in Hamilton-Wentworth. Twenty-five hundred copies of The Canadian Entrepreneur included the Hamilton-Wentworth Economic Review in the centrefold portion of the magazine.

The Economic Development Department has input to several committees with The Hamilton and District Chamber of Commerce. Both the Department and the Chamber will continue to benefit from this two-way dialogue.

The following is a list of major Economic Development activities announced in the Third Quarter:

- Standard Life Insurance Office Tower	\$ 50 Million	New
- Canada Packers Rapeseed Processing Plant (\$4 Million Provincial Grant)	\$ 20 Million	Expansion
- Dofasco Steel Plant (Part Ongoing)	\$450 Million	Expansion
- Hamilton Arena	\$ 43 Million	New
- Safeway Multiple-Use Complex	\$Multi-Million	New
- Airport Expansion	\$ 50 Million	Expansion

Our entry to the Literature Awards Competition for promotional material in the 13th Annual Conference of the Canadian Industrial Development Association has won six prizes for distinction, more than any other Industrial Development organization in Canada.

Special reports were prepared and presented by this Department on the subjects of the CAD/CAM installation, the Banking Proposal, and the Profile for Profit. These reports are marketing studies dealing with the economic environment and the community characteristics to promote the advantages of the Region and to enhance its location for attracting new businesses and to support its position to be considered for major development.

In excess of twenty-five local companies were visited by Departmental Staff to exchange views on development plans or impediments and to advise them of Governmental services and programmes. In some cases, companies are advised and assisted on matters concerning joint venture opportunities with Canadian or foreign companies.

I.4

COMPANIES' INQUIRIES STILL OUTSTANDING (1981 YEAR-TO-DATE):

	<u>1978</u>	<u>1979</u>	<u>1980</u>	<u>1981</u>
1. January - February - March	5	1	13	105

TOTAL	12	50	177	378

TOTAL OUTSTANDING: 617

Inquiries are considered outstanding as long as the company demonstrates continuing interest in expansion or relocation. In some cases, the finding of a suitable property meeting all the company's requirements (rail, cranes, size, services, etc.) can take several years. This Department maintains records of the company's needs and when a property comes on the market, it is matched to the company's requirements.

LIME RIDGE MALL

The figures used in this section will serve to illustrate the number of new stores (excluding the key anchor stores; Sears, Robinson's, Eaton's, and Dominion)* which have been established in the Mall. Also given are the approximate number of new employees and new business taxes which will be generated. This is a one-time only category and is listed separately from the regular headings.

* The total employment and realty tax revenue was reported in the 1980 Year-End Report including the four major stores. The figures shown here detail only the business taxes and employment generated by the 161 shops in the mall.

NUMBER OF NEW STORES	161

THIRD (3RD) QUARTER UPDATE

VISITOR AND CONVENTION SERVICES

CONVENTIONS

Progress to date, report end of October, 1981:

No. of conventions/trade shows	144
No. of delegates	66,435
Revenue factor	16,608,750.

<u>Forecast for 1981</u>		<u>To date % of Forecast</u>
No. of conventions/trade shows	155	92.9%
No. of delegates	74,500	89.2%
Revenue factor	16,615,000.	99%

- * It should be noted that most meeting planners have noticed an attendance drop off throughout North America of approximately 10% delegate attendance.
- * We assisted in the development of six invitation bids to invite National Associations to convene their annual conference in Hamilton-Wentworth at the next open eastern date.
- * Three (3) familiarization tours were co-ordinated by our department to convince the decision makers to meet in our Region.
- * There has been a noticeable increase in the number of associations approaching the department for suggestions on improving their conference attendance. Part of the new brochure in 1982 will contain suggestions and will be used as a marketing tool.
- * We organized, hosted and prepared visual and editorial content for eight (8) convention writers from Meetings and Convention publications.

- * We continue to forward many leads or possible business to the Hamilton Convention Centre and the downtown hotels.
- * As a result of a 1980 European trip we were instrumental in bringing 500 international students to McMaster for 6-8 weeks. Estimated revenue for the community was over \$500,000. This project which could develop into a longer term contract that will employ 100 local students.
- * Attended the annual Ontario Association of Convention Bureaux conference.
- * Also a trade show/marketplace was held for 52 Sports Associations (leads forwarded to Convention Centre and hotels)
- * Weekly sales trips to Toronto will continue as this is our most productive local market.
- * 260 associations were contacted on a one-to-one basis during during this quarter.
- * Attended the National Jaycee conference in Ottawa and won the bid to host the Canadian National in Hamilton in 1983.
- * August 9-13 in Vancouver at the Institute of Association Executives the largest sales team (9) attended to promote Hamilton-Wentworth on four separate occasions to the 350 delegates.
- * September 22-24, Meeting World 1981, Atlantic City, promotion to over 400 meeting planners from the United States.

- * If Hamilton-Wentworth is to continue to increase its share of the Conference Market we must be in a position to offer convention planners additional bedroom accommodation in the immediate area of the Hamilton Convention Centre.

As Hamilton is one of the major convention sites in Ontario many of the larger associations will convene here on a regular rotation basis, however because of increasing membership they find that due to the lack of bedroom space they must seek conference facilities in other locations.

To name a-few: (1) Ontario Federation of Agriculture

(2) Alcohol & Drug Concerns -

The loss of this conference is worthy of note as they traditionally meet between Christmas and New Year when all conference facilities are in low demand.

Four associations that confirmed Hamilton-Wentworth as their location for 1982-83 have since cancelled because of lack of sufficient hotel space:

(1) Federation of Canadian Municipalities

(2) Canadian Association of Municipal Administrators

(3) Canadian Municipal Personnel Administrators

(4) Canadian Association of Chiefs of Police

At the time these associations selected Hamilton the local representatives were confident that additional hotel accommodations would be in place adjoining the Convention Centre.

Organizations requiring 700-1000 bedrooms frequently request our assistance.

On several occasions we have been unable to assemble sufficient rooms because another association has booked even a small meeting and thus made it impossible to reserve the number of rooms to house the delegates.

TOURISM

Tourist Information Booths

Throughout the months of July, August and September, 39,311 people registered at our tourist information centres. The breakdown is as follows:

Royal Botanical Gardens	14,305
African Lion Safari	12,272
Clappison's Corners	5,075
Confederation Park	7,659

Also, through the kindness of the Lady Hamilton Club volunteers, our booth at the Royal Botanical Gardens remained open throughout the month of September, with another 1,610 tourists registering. This brought our total to 52,688 tourists for the season, an increase of 22.9% over last year.

Sales Promotions

Michigan Trailways Familiarization Tour - Sept. 20th and 21st, 1981 - Co-sponsored by Canadian Government Office of Tourism. Detroit, with 25 travel influencers visiting our area. Our department hosted a breakfast, showed our A/V presentation and distributed tourist literature.

London Free Press Travel Show - Sept. 25-27, 1981 - This show was very well attended, with over 15,000 people visiting our booth. A draw for a "Weekend in Hamilton-Wentworth" was held.

Michigan Trailways Travel and Vacation Show - Flint, Michigan -

Sept. 26th and 27th, 1981 - Along with our Department, our Region was represented by the Royal Connaught Hotel, Dundurn Castle, Hillcrest Group of Fine Restaurants and the African Lion Safari. Approximately 20,000 people visited our booth during the 2 day period. A draw for "Win a Weekend in Hamilton-Wentworth" was held.

Canadian Government Office of Tourism - Winter Product Launch Marketplaces -

These shows were held in Dearborn, Grand Rapids and Saginaw, Michigan from September 28th through October 1st, 1981. Over 2,000 tour operators, group leaders and travel agents visited our booth in Dearborn, another 400 in Grand Rapids and Saginaw. Over 5,000 brochures on various attractions in the Region were distributed at these marketplaces.

Guided Tours

Our department planned tours for 14 bus groups during the period of June to September, 1981. We also arranged many outings and bus tours for convention groups during this time.

REPORT OF CURATOR
THIRD QUARTER - WENTWORTH HERITAGE VILLAGE

TO: Chairman and Members,
Economic Development Committee

1. Administration

1.1 Planning

On October 26th, the Economic Development Committee approved a recommendation that a traffic study be undertaken on the impact of opening a Highway 8 access on the new forest tract road, which has now been transferred to the Village; that the Ministry of Transportation and Communications be contacted to discuss requirements for such access; that cost estimates for construction of an access and improvement of existing roads be obtained from Regional Engineering Services; and, that the detailed plans, cost analysis and recommendation be prepared for review by Council.

The first meeting of the Master Plan Terms of Reference Committee has been set for Sunday, November 1st at 1:00 p.m. at the Curator's residence at the Village.

1.2 Organization and Management

A 1981 financial summary, including revenue and expenditures data projected to the end of this year, is attached.

1.3 Fund-Raising

The application to the Canada Community Development Projects Programme for 1982 was submitted on deadline. An announcement is expected in November. If approved, the grant of approximately \$34,000. would pay for three (3) Museum Technicians who would work under Assistant Curator Barb Lang, on a project to transform the Village landscape into more authentic heritage character; one would be in charge of farm, gardens and nature trails; another of roads, drive sheds, fences and draught animals; and a third of the building themselves, particularly their energy-related aspects such as stoves, fireplaces, windows, etc. The three technicians will do interpretation as well as the physical preparation of these aspects of the Village landscape.

1.4 Relations with Other Institutions and Agencies

Staff participated in the Ontario Historical Association Museums Section Conference in Hamilton, providing a display and hosting a tour of the Village.

1.5 Evaluation: Public Response

The October Report on attendance is attached. We had excellent school tour attendance this month, and both Thanksgiving and Photographers' Weekend drew over 400 visitors, very good for this time of year. The good results this month (about 50% over last October) allow our cumulative figures to recover somewhat from the summer shortfall. By year's end, we hope to be 10% ahead of 1980 total attendance.

Some useful statistics based on September 30th, 1981 figures: for all visitors, one ticket is sold for every 2.85 visitors - i.e., the average visitor group is 2.85 persons. 55% of tickets sold are adults, 15% are students or seniors, 8% children's tickets, 20% family tickets, and 2% decals. 22% of our visitors come on group tours.

2. Capital

2.1 Physical Facilities and Grounds

The Print Shop has been re-roofed, a chimney, stove and piping added, so that it now can be heated, facilitating our printer's demonstrations and the bookbinding classes that have just concluded there. Fire extinguishers have been installed in every building, and a plan distributed to all staff; a fire extinguishing training drill was held with staff, and security guards will now do monthly checks on the extinguishers. The floor of the second level of the D'Aubigny Inn has been reinforced, eliminating a definite hazard. A system of eight (8) numbers has been installed on the nature trail, and an interpretative guide to the trail is being printed for hand-out to visitors. The antique telephone system has been rewired and is now being used again, with seven (7) phones. This will improve the communications within the Village, and at the same time, provide a demonstration of the early telephones with their hand cranks. The radios formerly used will now function for security only.

2.2 Collections: Buildings and Artifacts

2.2.1 Mr. and Mrs. G. Hamilton of Millgrove have donated a Bible printed in 1804, inscribed as the "pulpit bible for the Brock Road Church, Feb. 18, 1866".

2.2.2 Research

Shoe industry historian John Thornton from the U. K. visited the Village and Research Officer Norah Kozicz took notes on the shoe collection. The Costumes Curator from the R.O.M. also visited, and Barb Lang conferred with her particularly on issues of conservation of the costumes and textiles.

3. Programmes

3.1 Interpretation

A Royal Botanical Gardens conservationist has prepared our Nature Trail guide, and it will be distributed at the gate with the brochure. Visitors will now be able to follow an eight-step numbered trail with interpretation.

3.2 Extension

In October, we continued the display at the Terryberry Library in Hamilton (to October 30th), and at Zehr's in Ancaster (same dates). We also set up the new photo display at the Cambridge branch of the Ontario Historical Society (October 3rd), the Rockton Fair (October 10th to 12th), the Ontario Historical Society Museums Section workshop in Hamilton (October 15th to 17th), in the store-front window of the Hamilton History Association (October 18th to 31st) and at the University of Guelph conference on agricultural history (October 31st).

3.3 Marketing and Audience Development

Some 45 friends and guests attended the successful "thank-you" dinner in the Tea Room. A first meeting of the Friends is planned for November 20th, to be announced in "The Villager".

Respectfully submitted,

Barry Lord,
Curator.
